Council for Energy Friendly Affordable Housing

CEFAH will operate as an independent council under the auspices of National Housing & Rehabilitation Association (NH&RA), a national trade group comprised of affordable housing developers and professionals. NH&RA was formed in 1971 and is a leading networking and advocacy organization for the affordable housing development community.

We are asking CEFAH Members to pay supplemental membership dues to participate in this council. We have an aggressive agenda which will require some legal and consulting work as well as concerted advocacy. We anticipate these efforts will generate substantial short and long term savings for your projects once implemented and are respectfully asking those who we believe will benefit the most for an upfront investment to help us get this process underway.

If you are interested in affiliating with CEFAH today simply return this form to Thom Amdur by email (tamdur@dworbell.com) or at the address / fax above.
