

FOCUS ON ENERGY MULTIFAMILY ENERGY SAVINGS PROGRAM

MINNESOTA PRESERVATION THROUGH ENERGY EFFICIENCY ROAD SHOW

SEPT 15, 2014

Brody Vance

Sr. Program Manager

Franklin Energy Services, LLC

focus on energy™

Partnering with Wisconsin utilities

FOCUS ON ENERGY OVERVIEW

- Wisconsin utilities' statewide program for energy efficiency and renewable energy
- A partnership of all of Wisconsin investor-owned utilities plus many municipal and cooperative utilities
- Utilities participate for electrical savings, natural gas savings, or both

focus on energy™

Partnering with Wisconsin utilities

WHAT DOES FOCUS ON ENERGY DO?

- Assists Wisconsin residents and businesses in implementing energy saving projects
- Offers unbiased information and technical assistance to participating utilities' electric and/or natural gas customers
- Provides financial incentives (Custom and Prescriptive) for energy saving projects that would not occur otherwise

HOW DOES FOCUS ON ENERGY WORK WITH LOW INCOME PROPERTIES?

- Program acts as additional source of funding.
- Posted incentive information helps developers plan.
- Technical staff assist with calculations and product qualifications.
- Program staff can come to your home/building free of charge and complete an assessment.
- Direct install of products where applicable.

FOCUS ON ENERGY SAVINGS IMPACTS AND BUDGETS IN 2013
