

Sponsorship Information

NH&RA's Tennessee Developers Council (TDC) is the statewide multifamily affordable housing developers and owners coalition and advocacy organization. TDC provides a forum for private and non-profit developers and owners of LIHTC and HUD-assisted properties in the state of Tennessee to convene on a regular basis to share ideas, network, and provide a clear voice on key policy issues being considered by the Tennessee Housing Development Agency (THDA) and state legislators. The work of the Council is supported by membership dues and sponsorship by companies actively engaged in the development, financing, ownership and operation of affordable housing within the state, and related professionals.
