

Oregon Housing and Community Services

- OHCS provides both Federal and State financial resources and support for the creation and preservation of quality affordable housing
- We have a current active pipeline of 107 projects, totaling 8,948 units
- Statewide Housing Plan is a five-year plan that articulates how OHCS will pave the way for more Oregonians to have access to the stable housing opportunities necessary for self-sufficiency. Six priorities have been identified:
 - Equity and Racial Justice
 - Homelessness
 - Permanent Supportive Housing
 - Affordable Rental Housing
 - Homeownership
 - Rural Communities
- We are currently updating our QAP to align with the SWHP, and anticipate the final document in late 2019
