

The LHP Advantage

LHP Capital is a national leader in the development and management of affordable housing. With decades of combined experience in public housing, real estate, finance and housing construction, we have the expertise and resources to provide a turnkey solution or tailored approach to meet your community's unique needs.

LHP is especially adept at structuring project financing for properties that would benefit from the resources available under the LIHTC program and HUD RAD projects. To date, we have developed more than 14,180 apartments in 106 multifamily properties across the country.

The firm actively pursues acquisition opportunities for properties that would benefit from resources available under LIHTC, but above all else, the LHP team aims to provide high quality housing and services that transform lives and strengthen communities.

When we commit to a deal, we're in it to make a difference—to make a positive impact on the community by providing beautiful affordability and quality housing our deserving residents are proud to call home. That's the LHP Advantage. Put it to work for you.
